A. O. SMITH ACC-U-SIZE® AVAILABLE FOR DOWNLOAD

Program Allows User To Size Applications More Accurately

ASHLAND CITY, Tenn.- August xx, 2007- A. O. Smith announces the online availability of its sizing guide, Acc-U-Size ®. The Acc-U-Size program allows the user to size commercial applications with 17 options for water heaters and boilers. Applications can use gas, electric, or oil as a source of heat.

Acc-U-Size comes with drawings for dimensional and piping functions. These drawings and project summaries can be printed or exported to other Windows ® compatible programs. Acc-U-Size will also calculate the cost of operation. Suggested specifications for each design are also provided.

Other features include:

- Links to specification sheets and other technical information
- Ability to edit and save projects
- Easy, online software updates

To download the Acc-U-Size program, please visit www.hotwater.com/accusize.html.

About A. O. Smith:

Headquartered in Ashland City, Tenn., A. O. Smith Water Products Company is a leading manufacturer and marketer of residential and commercial water heaters and

hydronic boilers. A. O. Smith offers contractors an additional competitive advantage in that the company designs, builds, distributes and field supports the world's broadest and deepest line of residential and commercial water heaters, as well as commercial boilers. This single-source concept simplifies ordering, installation and service and is backed by more than 70 years of research and innovation. For more information, visit www.hotwater.com.
