

# GUIDE TO USING THE REPLACEMENT PARTS PRICE LIST

**THIS PUBLICATION FUNCTIONS AS PART NUMBER INFORMATION AND LIST PRICE DATA THE FOLLOWING PUBLICATIONS: SSMPB00309 & AOSAA81001 (APRIL, 2015 REVISIONS).**

Our ERP system is scheduled to change in late 2015; in order to make this a smooth transition, we have provided you with both the current part number, and the NEW part number that will be used when the new system is implemented. You will be notified when the transition is complete.

## ★ TWO PART NUMBERS FOR EVERY PART THROUGHOUT THE ENTIRE LIST ★

Column 1	Column 2	Column 3	Column 4	Column 5
Part Number	NEW Part Number	Description	List Price	Page(s)
1.	<b>Part Number: Current Part</b> number to order until ERP change goes into effect.			
2.	<b>NEW Part Number:</b> Part number that will be required in late 2015 as transition is made.			
3.	<b>Description:</b> Current Description of part.			
4.	<b>List Price:</b> Current List Price at time of book printing.			
5.	<b>Page(s):</b> This references every page that the part can be found.			

### EXAMPLE:

Part Number	NEW Number	Description	List Price	Page(s)							
9007876005	100112330	Pilot/Thermopile w/Tubing, Natural	\$45.00	29	30	31	32	33	34	35	
9007877005	100093983	Pilot/Thermopile w/Tubing, JC, Propane	\$45.00	29	30	31	32	33	34	35	
9007884005	100112336	Gas Control Valve, Natural	\$186.00	29	30	31	32				

In the example above, a current order would use part number 9007884005, which has a list price of \$186.00. This part can be found on pages 29, 30, 31 and 32.

In the example above, **after** the ERP transition is made, the same order would use part number 100112336, it would have the same list price of \$186.00, and can still be found on pages 29, 30, 31 and 32.
