

## GLASSLINED TANK FEATURES

“Glasslining,” a porcelain protective coating to a steel tank interior, is the plumbing industry’s most time-tested system for protection of tanks. A. O. Smith Glasslined Pump Tanks feature rolled-steel construction, and every A. O. Smith Tank is made in the U.S.A.

Other A. O. Smith features include a 1-1/4” NPT spud on top for motor mount or retention tank connections, a 1/4” switch or gauge tapping on the air side of the tank, and full-size 1-1/4” connections at all needed locations.

## ROLLED STEEL CONSTRUCTION

Provides added structural strength and more capacity within the same diameters.

## FUSED GLASSLINING

## MAXIMUM WORKING PRESSURE 100 PSIG

## 3-YEAR LIMITED WARRANTY

## EXTERIOR POWDER COAT

Excellent resistance to UV rays
